## ABOUT OUR EXHIBIT

StolenSpace Gallery is pleased to exhibit at this year's CONTEXT Art Miami and to present original artworks to an international audience.

For the 10th Edition of CONTEXT Art Miami we are showcasing a carefully curated selection of work by some of our key featured artists. This year we are proud to exhibit work by D\*Face, Finok, Hera, Jun Oson, Kai & Sunny, Maye & Momies.

There will also be edition releases to coincide by D\*Face, Kai & Sunny, as well as Maye & Momies.

Since 2005, StolenSpace Gallery in London is a leading platform for contemporary art of both emerging and established artists, and has been exhibiting a genre of artwork whose artists have been influenced by society's prevailing subcultures where there are few rules and anything is possible. At StolenSpace we continue to offer the life-giving vitality of this environment an alternative artistic home.

You may find us exhibiting in 'Booth A6', from 29th November till 4th December.
